

DELK 130/10

This well-shaped full metal spherical speaker is exceedingly suitable for rooms with high ceilings. The DELK 130/10 grants a constant acoustic sounding of large-volume rooms and solves consequently the numerous problems which arise with high rooms. Application areas of the KL series are warehouses, supermarkets, factory lounges, airports, train stations, etc. Each spherical speaker is serially provided with a two meter, 5-wire cable and an integrated wire rope.

Specifications
